Training

- **JAVA** | 2 April 2022 to 30 June 2022
  - o IBM Software Training | Lucknow, India
  - o Through my learning experience, I have gained basic and advanced Java knowledge.

- **Learn & Build** | 45 Days
  - o As an intern, I was tasked with the role of a Web developer intern. | Lucknow, India
  - o I learn about managing time and work while I working on projects
  - o Upon thorough analysis of the situation, I was able to effectively address the concern with my project

Projects

- **Quiz Desktop Application-**
  - o Developed and implemented an application enabling dynamic quiz creation for diverse audiences, optimizing user engagement through strategically allocated time limits per question.
  - o Tech involved: **Java, Spring.**
- **Personal Portfolio-** [Source Code]
  - o I have designed a simple static website to demonstrate my HTML, CSS, and JavaScript proficiency. Additionally, the website features links to all of my smaller projects.
  - o While creating my portfolio, I gained valuable insights into managing files and tasks effectively.
- **To-Do-List-** [Source Code]
  - o Integrated MongoDB and Mongoose to fetch and show stored tasks, offering real-time task view.
  - o Enabling task deletion and updating the database accordingly.
  - o Improved application flexibility through dynamic routing in Express.js for personalized list creation and management.
